

This Week's Mission Focus

Focus on Missions: "Give Ye Them To Eat" (GYTTE)

"Give Ye Them To Eat" (GYTTE) was founded in 1977 as a social outreach project of the Methodist Church of Mexico to combat hunger and poverty in the rural sector. The purpose of the "Give Ye Them To Eat" program (GYTTE) is to strengthen the capabilities of marginalized people and communities to meet their basic needs, and to determine and sustain a just and integrated development process. Participatory methods and development tools are used to create conditions in which change can take place from within the communities. GYTTE uses people-centered approaches to development.

In September of 2021, 11 women graduated as Health Promoters thanks to your support of our community health program. The women would have graduated a year ago, but Covid has changed life for all of us. The women spent at least an hour a day taking blood pressures – it's not as easy as you might think to place the stethoscope correctly to be able to hear when systole and diastole begin and end. The last day they were tested on many things and blood pressure was one area they all passed with flying colors. Along with using their knowledge from the three courses with family, neighbors, churches and friends to monitor high blood pressure, or diabetes or care for a wound or burn, or give an injection, the women also give classes to others. With your ongoing support, GYTTE will continue to strengthen the marginalized people and communities in rural Mexico. Keep up with the ongoing work of GYTTE at their facebook page: <https://www.facebook.com/GiveYeThemToEat/>

Prayer of the Week: Pray for those who are homeless or without sufficient housing, especially during the approaching colder nights.

Welcome to worship
at Mount Nittany
Church!

Today, we look at
another apocalyptic
text — Mark 13.1-8
— to better
understand what
permanent things
Jesus calls us to
build and what
impermanent things
he warns us to not
put our faith in.
